

THE HICKMAN COURIER.

HICKMAN, KY.
FRIDAY, JUNE 1, 1893.

FOR THE STATE SENATE.

We are authorized to announce Mr. R. T. TYLER as a candidate to represent Hickman, Fulton and Boone counties in the next session of Kentucky State Senate to the action of the Democratic party.

FOR THE LEGISLATURE.

We are authorized to announce Mr. J. C. SPURDUE, of Hickman county, as a candidate to represent Hickman, Fulton and Boone counties in the next session of the Kentucky Legislature to the action of the Democratic party.

FOR COUNTY SUPERINTENDENT.

We are authorized to announce Mr. D. R. WILSON, as a candidate for Superintendent of Hickman, Fulton and Boone counties in the next session of the Kentucky Legislature to the action of the Democratic party.

FOR COUNTY CLERK.

We are authorized to announce JAS. H. SANDERS (present incumbent) as a candidate for Superintendent of Hickman, Fulton and Boone counties in the next session of the Kentucky Legislature to the action of the Democratic party.

NEARLY ALL THE FAILURES THROUGHOUT THE COUNTRY HAVE BEEN OVERSPECULATED.

MASSACHUSETTS, Virginia, Ohio and Iowa are the only States that elect Governors this year.

EX-GOV. CAMPBELL, of Ohio, announces that under no circumstances will he be a candidate this fall.

A NEGRO Democrat has been rewarded with a postmaster's office in Ohio, being the first colored man appointed to such a position in that State.

GEN. GOULD, ascribed as one of the causes of the present struggle, the hostility of State and Federal government to the big corporation.

If we had had a revision of tariff long ago the United States would have been a creditor nation by this time, and there would have been no financial straits.

STATE TREASURER HALE, in view of the necessities of the banks, has decided to require all payments to the State to be in currency, instead of checks, for the time being.

THE Eastern summer resort owners are complaining of a lack of patronage. Between the attractions of the World's Fair and the hard times there have been no money this season.

The large quantity of gold now coming back to the United States indicates not only that the foreigners are coming to this market, as usual, for cotton and corn and wheat, but that they are getting ready to make investments here.

The present prospect is that the World's Fair will be a signal for a boom from a foreign country, though it is admitted by every one that it is the greatest Exposition of modern times, surpassed only by the Centennial and Paris Exposition.

Col. T. J. Moore, the railroad king of the West, and owner of the new Louisville President of the Chicago, Cincinnati and St. Louis railroad, died in St. Louis last Friday night, after an illness of four or five days, leaving an estate of \$1,000,000, and made it all by his own energy, going to Missouri from Texas and leaving it all in less than twenty years. He was aged thirty-six years. His funeral took place yesterday afternoon. He was a much respected citizen.

THE National House of Representatives which convened last Monday consists of 350 members, which number is larger than in any session of the body since the excess of the number established by the apportionment under the tenth census, and two-thirds of the excess of the number constituting the house of the Fifty-second congress.

The admission of new states during the last congress added seven new members to the house, making the total number of members of the present house will consist of Democrats 221, Republicans 127, and Populists 2.

COMMISSIONER LOCHMERE, of the Pension Bureau, has written a letter in regard to the pension of pensioners granted under the disability act. To deprive the pension claimant of the work of revision has any political bearing, he shows that no pension has been suspended until after the case has been examined and confirmed by a board of revision, of which the chief and a majority of the members are republicans. People should take with a great deal of allowance the extreme utterances of radical Republican organs on the pension business.

From the New York World, we are told that the pension business is not only in Wall street where the bears hold sway, but in the most corrupt industry in the country. At such a time internal credit is able to sustain itself. The whole country is facing strenuous circumstances. A war of commercial distrust has been declared.

EXTRA SESSION NOTES.

The Doctors all Disagree.

Congress convened in extra session Monday, called together by President Cleveland to consider the necessity for financial legislation.

The doctors all agree that the country is sick financially, and very sick at that, but when it comes to knowing the cause, or applying a remedy, the doctors disagree.

Chief are those, a majority, in respect of political party, who think that the chief cause of our money troubles is chargeable to the law compelling the Government to buy too much silver.

Others, however, think that the cause is contained in what is known as the Sherman law.

It is difficult to recall the remedy, but it is to be applied immediately and without hesitation. The Democrats, in their National platform, one year ago, anticipated trouble from this cause.

PRIMARY ELECTIONS.

Features of the Law Under Which They Will Hereafter be Held.

WHITE CAPS KILLED.

LOUISVILLE, August 7.—The

White Caps of Harrison county, Ind., were caught a bloody lesson Saturday night, shortly after midnight. A party that attempted to torch or whip William and Samuel Conrad, four were killed and five fatally wounded. The victims of the mob were John Drake, John Wiseman, Albert Howe, James H. Hays, and John Hays. They had been warned of their coming, but the mob, armed with clubs, shot the regulators from ambush. They have not yet been captured, but should they be it is likely they will suffer violence from a mob. The Cougars were accused of murdering their father, but had been acquitted recently.
